NOTHING IS GOOD OR BAD, BUT BY COMPARISON"

Cathen has been 1. In 1900 about 135 infants out of every 1,000 died befors they were one year old. Now we are losing less than 25 out of every 1,000. It is bad to lose any good that improved medical techniques and lew they are helping to save liver.

Childhood diseases can now either be prevented or more easily treated. Among seapons used in this battle are vaccines, and the vaccines, and safe antiseptics. All of them are in our pharmacy awaiting the opportunity to help.

IN LETTER TO MARSE FRANK TUNNER

Dear Mr. TERRET;—
This copy little city needing on the banks of the Medra River has long been noted for its falls to the wrestling fractrulty. You will agree that for a city of its size, Relievilla compares favorably with any in Ordario for its reaction to the high boys that comprise your "ramilin' stable.

The faithful hereshouts have given you their best, year rr year. You have not done too badly, but this sesson 've slipped a bit.

Take last Friday night as an example. This depart-ment bally-loced one Dick Hullon to the aking. This with ether advertisements pailed in the largest crewd of the sen-ses to data. What happened? No Hullon. We were in-fermed he was in St. Louis on another engagement.

We note that Dick Hutton is on the card for Friday night, sting one Mike Gallagher. The Gallaghers have proven etter with their alleged vilinity and undramatic gen-ac. We like 'em. What the faltherd would like to know will Metion be her? Or will thrue be another sub-sist? The blaic might be another sail in the wrestling stie? The blaic might be another asil in the

We see not krying to claim that Belleville is the goose that s the traditional golden egg for wrestling—but the least that be done by your affice is to maintain the high calibre of tests that airsyst featured wrestling here. It is up to you Tunony. Just have Hutton here Friday night—and all the Striptem.

We're glad, too, to welcome back those mighty mites of resultsdom, the midgets. They have always been a great rawing card here. High School Graduates

You will find exceptional employment opportunities in the Royal Bank

, If you are a young high school graduate with an eye on the future, you will find in the Royal Bank exceptional opportunities. Read carefully the solid reasons why this bank holds a future for you. Discuss this advertisement with your parents. Ask your local manager to tell you more about the opportunities for young men in the Royal Bank.

Facts that spell "opportunity" for young men in the Royal Bank:

1. The Royal Bank is North America's fourth Inspect bank. Branches number well over 800, with new branches opening all the time. During the past there year was bare opened for branches. Such new branch means a new managerial appointment...and a string of pronottens for young Royal Bankers.

2. You don't need "influence" to get to the top in the Royal Bank. Our chief executive officers, from the Chairman and President down, started as juniors in small branches and won their advancement in open competition. Nothing counts but the man's own qualifications and attitude to his work.

Dut the many own quanteneous age actuous on the vota-3. Courses in banking are available to all members of the staff for home study. Successful candidates move sheaf quickly. Practical experience plus the banking course provide what is writtailly the equivalent of a university Commerce course.

withfully the equivalent of a university Commerce course.

4. The Bryal Bank has 76 heathers abroad... in New York, London, Paris, in many of the largest cities in Central and South America, in Cuba and throughout the West Indies. We have openings for young men particularly interested in gaining internated behavior, expensions in other equipties.

5. We have one of the most generous pession plans to be found suprubers as will as group life, health and heapital chappenage, at law cost it employees.

Ask at year local beanch—or write to Head Office, Montreal—for year copy of "Your Fature in Banking"—a booklet describing the opportunities for young high school graduates in The Royal Bank of Canada.

THE ROYAL BANK OF CANADA

Modern cars are beautiful performers. Yet, within less than \$500 miles of driving, even a new car can fall victim to engine deposits.

These deposits cause pre-firing of the gaseline and spark plug "misa"—
denying you the power you paid for, the acceleration you occasionally need
no matter how careful a driver you are.

Shell Premium Gasoline with TCP, the greatest gasoline development in 31 years, neutralizes engine deposits. TCP additive restores power to your car that pre-firing and spark plug "miss" take away.

Switch to Shell Premium Gasoline with TCP and get back lost power. as you drive.

GET MORE Profits From Hogs!

Fast, early growth is an important key to making more profits from hops, but to get that fast growth in those critical early day, young pigs must be fed right. This is why Purins Pig Startens is popular with thou-and of successful hop men. Startens is a com-plete starting ration, rich in minerals, growth premoting vitamins and anti-botics.

Rare, Medium, Well-Dona By GEO. H. CARVER, Sports Editor

As Wyman Collins, sports editor of the Cornwall Standard cholder points out in his column, the group is an ambi-is one—and so are the fans.

Whitby and Cornwall have finally won their zenior "A" is after two years of loinese lobbying, arguing and what-whitby delegates came out with the statement that it cost but little more to operate senior "A" than senior "B", not from Missouri but we'll sloopt that stale just for the oil its well-known séase.

Tanight's decision with tell the story. Of the group go-ng senter "A" there is little death. The big question in verybody's mind is which Mingston group will get the nod. of the OHA turns down a double entry. Or will there be a double entry?

Secretary Drury Denyes, who received fine tribute down east on the outstanding manner in which he conducted the Belleville argument, said yesterday that be understood a meeting of the Belleville hockey, club is being called in the immediate

se linen should be washed and ironed at the next the group, scheduled for Kingston on Wednesday, It is expected that all entries will be on hand by or they should be since that is the deadline.

The Many-Splendored Thing.

Splendor is everywhere in Oldsmobile. Openanor is everywhere in Utamochie, There's the splendor of distinctive Stuffire styling.—fresh, dignified, but so alive. There's the splendor of rich, customi-tallored interiors—fuzurious, gradious and so comfortable. And there's the splendor of mighty power, tamed to go quintly about its task of producing swift, smooth motion.

And this Oldsmobile splendor is not a sometime thing. From the moment you

proudly take possession until that distant day when you decide to trade it in on an even more exciting Olds of the future, you'll keep discovering new splendors in this unusual car. And you'll keep ro-fecting all the while how whe you were in 1956 to step up from the ordinary into an Oldsmobile.

By GEO. H. CARVER, Sports Editor PICTON — Don't look now, but this pretty Prince Edward mly town may leap out at you from world sport headlines the not too distant future.

Two lovely "ladies", nautical but nice, will be the step-ing stoods for Picton's hid for the hall of speedboat racing me—and world recognition.

nume-man worse recognition.

"Riss Supertest II" of Loudon, Ont., a sienderised siren
of the waterways and "Miss O'Kocto," of Toecolo, a powerpacked which of the waves will spread fearm-cartained
wakes here on or about June 26 in an effort to bring to
Canada the world's specificat record.

Canada's "Little Detroit" here has, in the opinion of the greater maperity of drivers, one of the best nastical recewary on the continent. Its 'tree-giri above, rising gradually from placed water makes it ideal for either racing or record attempts.

Many outstending speedboaters, some of them interna-nally and world famous, have marked their "K" for Pic-s when figuratively voting for the choice of course.

So much for the world record. There is more.

A more specimentar bid for fame also emanates from this se-hungry town. "Miss Supertest," which established a Can-san record here jast year and that with a sheered fin and maged sposson, cracked up while trying for the world mark.

This "O.K." gal's crew includes, besides Hodgson, Arthbury, of Ox Tongue, Ont.; Hans Hansen, wartims Messerschmidt pilot, and Gerald Longton, Quebec, designer of the

However, with Pictoric hide for international fame arises problems. One of the most important of these will be accommodation, especially it the Harmworth Trophy races are being the problems. There is a west difference between the sight hand-girt course here and the sprawling waterway of the Detroit River.

A Stunning Buick SPECIAL And in all truth, it is a sight for starry eyes.

But, if you think that owning a Buick is just some thing to dream about, here's some happy news.

Eye-catching, sight-catching as it is, this beauty is built for stirring action—and priced the same way.

To sum it up quickly:

For only a few dollars more than you'd pay for the well-known smaller cars-for even less than some models of those very same cars—you get all the big-car power and performance, the pace and the grace that are Buick for 1956.

It's the taste and distinction of Buick styling. It's the walloping thrill of Buick power, surging from the new 322-cubic-inch V8 engine.

comfort and roominess.

Here, too, if you want it, is Buick's advanced Variable Pitch Dynaflow*. With blazing getaway and amazing gas economy, it's the last and thriftiest word in

How about finding out for yourself what a bargain this Buick SPECIAL is? What a joy to command, what a sweetheart to drive. Come in this weekwe'll be looking for you, to make your dreams come

Annual many intelligent person knows you can't and don't get something for nothing t... you can't buy a diamond at glass priority get something for nothing you. The property of the same standard of Safety, Comfort and Milesgr as a first or presultum line tire... it just lim! it not excets... in fact, the so-called bargain tire of today could well be the most expensive tire in the long run.

So, in buying tires don't be misled by price . . . measure the price against brand name, guarantee, and-skid depth of tread and weight and size of tire, then make sure you get the right trade-in allowance for your present tires . . . because the trade-in allowance determines whether or not you've made a good deal.

nos you've made a good deal.

Now, what'c considered a proper trade-in allowance? First, if your tirse have breaks in them they're worth only a scrap allowance of two or three dollars each. If they are free of breaks, but are smooth (depending on size) they could be worth up to the state of the state of

To make sure you're getting the right trade-in allowance you should go to a recognized tire cleater, not just an outlet that handles tires as a sideline... an established desire has his reputation at stake in every deal and is anxious to see that you get the right tire for the right job, at the right price.

We, of Provincial Tire, suggest that II you're planning on buying es this weekend, get at least two quotations before you trade... and 'd like to suggest that you make sure one of the quotations is from our ganization...

We advertise that we give the highest trade-in allomances you'll find anywhere and we'll back that statement up. in fact, our deals as the statement of the sta

CANADIAN PACIFIC

Because the freezer's at the back, all often used foods are "up front"—at eye level—at your finger tips! No front space at all is taken up by the freezer in this revolutionary Fairbanks-Morse Gibson refrigerator!

The freezer is handy too! Just a touch of the finger swings the top shelves to one side—and there's a big freezer compartment which holds 40 lbs. of frozen foods! It's always at your finger tips when you need frozen foods or ice cubes.

and makes jobs for Canadians From milking time to bottling time, milk produced by the most modern farms and dairies seldom touches anything but nickel-containing stainless steel.

This stainless steel has a hard, corrosion-resistant surface that is easy to clean. When used in farm and dairy equipment, it helps keep milk pure.

All the stainless steel produced in Canada for this equipment is made with Inco nickel. Here's how this Inco nickel helps provide jobs for Canadians:

smelted by Inco near Sudbury, Ontario. Final refining is done at Inco's plant in Port Colborne, Ontario.

2. Inco nickel is used in Canada for the manufacture of stainless steel.

3. This stainless steel is used by Canadian manufacturers in the production of milking machines, coolers and other equipment for handling and processing milk.

These steps in the manufacture of this equipment— from the ore to the finished product—require thousands of workmen. In this way, Inco nickel stays in Canada to help provide jobs for Canadians.

1. Nickel-bearing ores are mined, milled and THE INTERNATIONAL NICKEL COMPANY OF CANADA, LIMITED

Just a nudge of your toe...and there's nothing but pleasure ahead. Now's the time to discover how the frisky new Chevrolet

Drive the new Chevrolet — and get ready to reach for your road maps. There's something about this car that starts you dreaming of those exciting places that always seem to be across the country from where you live.

The fact is, Chevy's got an itch to travel and it's catching. Nothing serious, you understand. You just want to pack your bags and start putting the miles behind you.

Because Chevrolet covers the miles as only a truly great road car can. That's something you sense instantly in its hill-flattening horsepower, in its solid sureness of control

on curves and rock-steadiness on the straight-

These are the things that give Chevrolet and you—an urge to go places. And they make the going sweeter and safer. Your Chevrolet dealer will be happy to show you what a tall traveller this new Chevy is! Is your family all set for the fun?

h's not unusual for repair bills to eatch a family unprepared — and borrowing the necessary ney is often a common and sensible solution.

In fact, nearly three quarters of a million families borrow money from Household Finance every year to pay overdue bills, repair bills, travel expenses... the kind of expenses you may face yourself right now.

HFC loads are prompt and convenient. You can get \$50 to \$1000 with little or no delay, usually in just one day, Iyou have a steady income, and can make regular inouthly, payments, you may borrow without endorsers at HFC. If you have a money problem, why not phone or drop in today?

Weigh the facts...

The ultra, short-stroke design of Chevrolet's trock V8's makes possible a rugged yet com-pact cylinder block. Modern multiple-pur-pose components save weight and increase sugme efficiency.

More power per pound means more power for your payload!

Since less power is used up in moving engine weight, a bigger proportion is available for, moving your payloads. You get hour-saving performance on the job. And modern V8 power saves dollars, too! There's a modern V8 for ever Chevrolet Task-Force truck!

There's a powerful, deep-breathing V8— either standard, or optional ide extra cost—in every Chevrolet truck model. Horsepower ranges as high as 195 for fast, efficient high-tonnase hautien.

BETTY JEAN BERRY RECEIVES ROLEX WATCH

Presented by Mr. O'Connor of O'Connor's Jewel Box, this Rolex Watch will be given
demonstration of its absolute swelerpoof que used suffring the marshon awin by Miss
Berry from Desennto to Picton on June 30th.

The world's first waterproof and self-winding wrist watch is Rolex invention. It
defies the elements, thereby maintaining accuracy of movement in spite of dust, perspiration and even said water.

For marathon swimmers or for everyday living . . . the Roles waterproof case is your assurance of complete dependability and accuracy.

Speeders don't really "get away with it". They just use up borrowed time. Accident facts prove that

excessive speed always catches up with you eventually. All speeders are potential killers.

Parking with even part of your car on the highway is against the law. Good drivers always park completely off the road. Moving traffic needs all the road space.

TAKE SHELL'S BETTER DRIVING QUIZ NO. 10 TO MAKE YOUR DOMINION DAY TRIP SAFER

Do you know what to do about these signs of driving fatigue?

Road naps lead to rude awakenings

Roads. Long, straight super-highways to whisk you miles ahead. Quiet, winding lanes that tempt you to ramble off your course for an hour. All kinds of roads in our great transportation system. And it's all yours to enjoy. Want to go where you've never been?
Turn the ignition key and step on the accelerator...gently. Gently,
because safe trips are happiest. Don't drive too fast. Don't drive
too far in one stretch. Shell urges you to take time to enjoy your trip. And come home safely.

"For my money there's no better tire built than a Dunlop Gold Seal. It's the safest thing on wheels!"

When merr who risk their lives driving choose a tire... you can be sure that tire is the best. That's why the Thrill Drivers insist on the remark-able new Dunlop Gold Seel tires for all their cars. Rolling freely, turning, braking or accelerating . . . the Dunlop Gold Seal is the first tire that actually changes its tread instantly, automatically, to meet every driving require-ment. Whatever you want your car to do ... Dunlop Gold Seals are ready to do it,

surely, safely ... on any road, any surface. Thrill Drivers bet their lives on Dunlop Gold Seals—Why don't you?

With four teams playing, the lack of managers able to forced the postponement. It has been rescheduled for make night at the Moira Street firehall at 8:50 p.m.

The main best will pit British Empire champion Pal O'Cunner of Now Zoqiand against Bir Die Eakins, O'Conner is well Lusiwa for his speciescher appeal and all-revent mat ability while Eschine is of the "Badman" variety. Victory is his only, aim in life and anyone in his way had better be able to level street himself. O'Conner can.

A ing-team bort, which could very well be billed as a second main event; finds the Brusetti Brathers, Joe and Guy, lacking our old friend Freddie Atten and his sidekick Abe Evenhin.

An Important Notice!

IF YOU'RE BUYING TIRES THIS WEEKEND

Confused about current tire prices . . . third line tires . . . "Class A trade-ins" . . . "and your recappable tires?" If so, here are the straight facts.

So, in buying tires don't be misled by price . . . measure the price against brand name, guarantee, anti-skid depth of tread and weight and size of tire, then make sure you get the right trade-in allowance for your present tires . . . because the trade-in allowance determines whether or not you've made a good deat.

mos you've mane a good ceas.

Now, what's considered a proper trade-in allowance? First, if your tires have breaks in them they're worth only a scrap allowance of two or many tires of the scale of the party of the scale of the

To make sure you're getting the right trade-in allowance you should go to a recognized tire dealer, not just an outlet that handles tires as a sideline. . an established dealer has his reputation at stake in every deal and is anxious to see that you get the right tire for the right job, at the right price.

We, of Provincial Tire, suggest that if you're planning on buying tires this weekend, get at least two quotations before you trads . . and we'd like to suggest that you make sure one of the quotations is from our organization.

We advertise that we give the highest trade-in allowances you'll find anywhere and we'll back that statement up... in fact, our cells are so good, it's no longer any advantage to but of Schate. We guarantee will save you money without sacrificing quality, safety, comfort or milesgo... and our Benget Finn allows you to name your own down payment and terms.

So for a money saving tire deal, drive in and see us this weekend . . . you'll be glad you did.

It is true that the cost
of some individual precriptions is greater thant used to be. It is also a
taitstical fact that you
are spending a less perpendage of your income
for medicines than you
med to

The millions of dollars ing spent annually for odded research have delipped medicines that e not only taving more res, but are also help-g you to get better uch more quickly. You cold less medicines per mess than, you used to, oddern prescriptions are lightly price, each one to re you honest value.
